

MyFlatCMS Full Feature List

Features	ONE-PAGE 1 time Setup \$110.00	MULTI 1 time Setup \$160.00	GRIDS <i>To be announced</i>
	\$9.90/month or \$99.00/year	\$19.90/month or \$199.00/year	
1. Content Management			
Full visual (WYSIWYG) content editor - bold, italics, headings, lists, links - no code or HTML knowledge needed.	Incl.	Incl.	Incl.
Every piece of content has its own guided input field; nothing is ever edited as raw code. Pages are built with Sections, easy to move up/down.	Incl.	Incl.	Incl.
Draft, Preview, and Publish workflow - review changes privately before they go live.	Incl.	Incl.	Incl.
Content and design are kept fully separate, so day-to-day edits carry zero risk to the site's look.	Incl.	Incl.	Incl.
ONE-PAGE layout ready with the homepage structured with Sections and Menu.	Incl.	Incl.	Incl.
MULTI-PAGE STRUCTURE: a Homepage plus additional standalone Pages, added only when a project needs them. <i>Maximum 7 standalone pages per website.</i>	N/A	Incl.	Incl.
GRIDS: Repeatable content sections for Services, News/Updates, and a Portfolio/Gallery. Each new entry gets its own page automatically, with no manual link maintenance, and selected entries can be added to the homepage. <i>Available only in limited amounts per website: Maximum 6 Service items, 12 News items and 30 Portfolio images.</i>	N/A	N/A	Incl.
One-click auto-generated "View All" listing page for Services or News Grids.	N/A	N/A	Incl.
Dated News/Update posts.	N/A	N/A	Incl.
Portfolio image galleries, grouped automatically by category, with captions.	N/A	N/A	Incl.
A library of ready-to-use content Section types: hero banner, text with image, multi-column text, card grids, call-to-action banners, contact forms, image galleries, and full-width banners.	Incl.	Incl.	Incl.
Drag-and-drop reordering of content sections and repeatable items.	Incl.	Incl.	Incl.

2. Design & Branding			
7 professionally designed starting templates, covering a range of visual styles: classic business, bold/high-impact, dark/portfolio, editorial, minimal, modern SaaS-style, and hospitality/boutique.	Incl.	Incl.	Incl.
Switch between templates at any time without losing content.	Incl.	Incl.	Incl.
A full custom color system: set the site's palette once, applied consistently everywhere.	Incl.	Incl.	Incl.
Custom typography: use any Google Font, or host fonts locally for full independence from outside services.	Incl.	Incl.	Incl.
Custom logo, as text or image.	Incl.	Incl.	Incl.
Flexible page header styles (transparent overlay or solid bar).	Incl.	Incl.	Incl.
3. Media			
Built-in media library for images, PDFs, and videos.	Incl.	Incl.	Incl.
Drag-and-drop image galleries with lightbox zoom.	Incl.	Incl.	Incl.
PDF documents hosted and linkable directly for brochures, menus, price lists, policies.	Incl.	Incl.	Incl.
Background video support in the hero banner.	Incl.	Incl.	Incl.
Automatic lazy-loading and responsive images for fast performance on every device.	Incl.	Incl.	Incl.
4. Navigation & Structure			
Customizable menu with drag-and-drop ordering.	Incl.	Incl.	Incl.
One level of drop-down sub-menus.	Incl.	Incl.	Incl.
Multi-column footer with independent rich-text content per column.	Incl.	Incl.	Incl.
Social media icons shown in each platform's real brand colors (Facebook, Instagram, LinkedIn, X/Twitter, YouTube, TikTok, plus WhatsApp and Telegram with QR code generation).	Incl.	Incl.	Incl.
Opening hours block for the footer, day by day, with automatic "closed" days.	Incl.	Incl.	Incl.
Custom "Page Not Found" message that matches the site's own branding, instead of a generic server error.	Incl.	Incl.	Incl.
5. Contact & Communication			
Built-in contact form with custom fields, delivered straight to any inbox.	Incl.	Incl.	Incl.
Automatic confirmation email reply sent to the visitor.	Incl.	Incl.	Incl.
WhatsApp and Telegram "scan to chat" contact option; visitors scan a QR code to start a conversation directly, with no phone number or username ever shown publicly on the site.	Incl.	Incl.	Incl.
Downloadable QR code for the site's own web address, ready to print on business cards, shopfront stickers, or flyers.	Incl.	Incl.	Incl.

6. Search Engines & Online Visibility			
Automatic sitemap, kept up to date with every publication.	Incl.	Incl.	Incl.
Optional structured data (schema markup) that helps search engines show business details directly in results: name, address, phone number, and opening hours.	Incl.	Incl.	Incl.
Per-page control to hide any individual page from search engines when needed.	Incl.	Incl.	Incl.
Fast-loading pages, a factor search engines take into account when ranking sites.	Incl.	Incl.	Incl.
7. Safety, Reliability & Ownership			
A safe two-tier access model: day-to-day content stays easy to update, while the overall design and structure stay protected, so a well-designed site can't be accidentally broken.	Incl.	Incl.	Incl.
Automatic backup on every publish, plus on-demand manual backups anytime.	Incl.	Incl.	Incl.
Built-in protection against common attack types: no database to target, brute-force login lockouts, safe file upload checks.	Incl.	Incl.	Incl.
Optional password protection for individual pages.	N/A	Incl.	Incl.
No database to secure, patch, or lose; content lives in portable files that move with a simple file copy.	Incl.	Incl.	Incl.
Full ownership: no subscription lock-in and no proprietary platform. The finished site runs on ordinary, affordable web hosting, anywhere.	Incl.	Incl.	Incl.
8. Multi-Site & Multi-Language			
Each site is fully independent and portable; practical to run several focused sites (main business, a specific product or service, a campaign, or a location) instead of one large one.	Incl.	Incl.	Incl.
Bilingual: Simple language-switch link between 2 independently maintained language versions of a site.	N/A	Incl.	Incl.
9. Expandable With Addon Utilities			
Addons: MyFlatCMS can be extended only when a project actually calls for it, with optional add-on features called UTILITIES (maximum 3/website)	N/A	Incl.	Incl.
A content export tool, letting a client keep or move their own content as a readable Word document if they ever choose to leave.	Incl.	Incl.	Incl.
